

Welcome Back!

The busy but highly enjoyable Term 4 is off to a flying start. Teachers are focussing on maximising every opportunity for learning with their students prior to our end of reporting processes! There are lots of extra-curricular opportunities for our students this term and opportunities for our school's parents and friends to celebrate the rich, diverse learning experiences that our children enjoy.

Holiday vandalism

It is disturbing that we are reporting that the school had two substantial vandalism attacks in the holidays. Vandals on the Wednesday and Thursday night of the first week of the holidays spray painted very amateur graffiti around the site. Whilst this has been cleaned up we do not know who committed these offences. If you have any information about these attacks, please contact Mr Mostert through the school office as we wish to keep our school the safe, picturesque and accessible site it is.

School Improvements

There have been some recent maintenance works completed at school. The trees along the eastern boundary and between the top two buildings have been pruned and cleared to remove dead or overgrowing branches. A large concrete pad has been extended onto the existing pad at the bottom entry point onto the school playground for wet weather and our eventual building of stairs and slide access. Several of our external buildings and the inside of our library will be painted in the upcoming weeks to ensure they sparkle for the fair.

Kindergarten 2017 Orientation Program

The Orientation Program for all of our energetic and delightful Kindergarten students for next year begins next Tuesday, 25th October 2016. Our new students will be visiting a Kindergarten classroom for a few hours over three separate days this term before all of them having an afternoon get together on Tuesday, 6th December 2016. If you are aware of any students who are potentially beginning school next year or are thinking of changing to our school in 2017, please have them contact our office to coordinate their enrolment.

Parent Survey

Thank you to the 48 respondents who completed this year's "Partners in Learning" School Parent Survey. The overwhelmingly positive full report will be presented at the upcoming P&C meeting but some of the key points were:

- Fantastic, affirming feedback for this year's "future focussed" library program;
- Parents feeling welcome at Bilambil Public School scored 8.7 out of 10;
- Parents are informed at Bilambil PS scored 7.9 out of 10;
- Parents at Bilambil PS support learning at home scored 7.1 out of 10;
- Support for learning at Bilambil PS scored 8 out of 10;
- Support for positive behaviour at Bilambil PS scored 8.5 out of 10;
- Safety at Bilambil PS scored 8.5 out of 10;
- Inclusion at Bilambil PS scored 7.5 out of 10; and
- 88.7% of parents believed that their child's teacher knew and responded to their child's learning needs well or very well.

PBL—Positive Behaviour Learning

With the focus still on movement around the school and in particular lining up, our new approach is to have music playing whilst the children are lining up.

External Validation

The school's final report for the departments External Validation process is nearly ready. This once every five years validation process has supported the school to reflect on the many things we are undertaking in relation to the School Excellence Framework. The school has achieved the highest rating in two of the fourteen elements and are one step off excelling in ten other areas. The areas that we have identified as needing further focus will form the future directions for the 2017 School Strategic Management Plan. See Mr Mostert for more information if you have any questions regarding this process.

Dress in Red for Daniel Morcombe

The Australian Federal Police Team Leader of Child and Cyber Safety Rosie Garland will present a talk to Bilambil students this Wednesday 19th October, 2016. The 50 minute presentation forms part of our Child Protection Program.

If you **do not** wish for your child to attend please ensure you have contacted your child's teacher.

The SRC are asking students to bring along a gold coin donation and dress in red! More information regarding this foundation can be found on their website:

<http://www.danielmorcombe.com.au/>

Library Term 4

The new Oliver library book management system is up and running from yesterday Monday 17 October 2016, so students can begin to borrow books again.

Please remember to bring in your child's library bag on their scheduled day below:

KL (Mrs Lloyd Class) will change Library days from Wednesdays to Mondays, commencing on Monday, 31 October 2016.

Monday	Tuesday	Wednesday	Thursday	Friday
3/4W KL (from Wk 4)	1/2T 3/4H 1/2B	KL (Until Wk 3) 5/6J 3/4B 1/2P	5/6B 5/6M 1/2H	KB KM

Below is a brief of what each stage will be completing during library time this term.

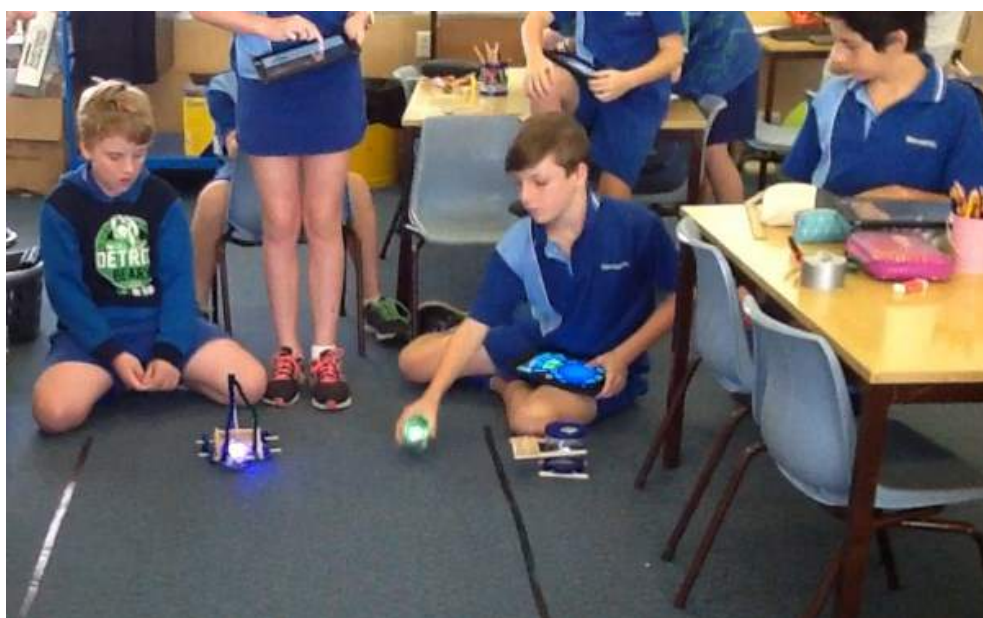

Early Stage 1 students will be reading both fiction and non-fiction books about whales this term. We will be investigating interesting facts about whales and will also complete some collaborative activities relating to these beautiful mammals.

Stage 1 students will be using the all new Sphero robotics equipment and programing them with the iPads. Students will collaboratively discover the Sphero's capability and then learn how to program them to move using a number of coding steps. The students will then be set the challenge to design and construct a Sphero City, which their Sphero will be programed to navigate around.

Stage 2 students will also be working with the Sphero robotics equipment and programing them with the iPads. Students will collaboratively discover the Sphero's capability and then learn how to program them to move using a number of coding steps. Students will then plan for the robots to dance to dubstep beats or flow elegantly to classical music. At the end of the term we might even have a dance party with the Sphero's dancing in sync to some of their favourite songs.

Stage 3 students will be working hard to complete their Sphero (robotics) challenges and then will be designing a small snippet about themselves, to be included in the school magazine. Following this, the students will be collaborating in small groups to plan a 'once in a lifetime' trip around the world, whilst attempting to stick to a set budget.

ExtendArt Term 4

The ExtendArt mandala canvases are very close to completion. All participants have been excelling throughout the program by integrating various painting skills and techniques, taught by artists, Donna and Bob Santilli. These wonderful canvases can be viewed at the Bilambil Fair on the 12th November, 2016. Then we plan to have them displayed in the Library afterwards, for everyone to admire.

Current BPS students support past BPS students in the theatre!

Makaira L and Shaillyse L loved meeting older Bilambil students when they performed in the latest Tweed Theatre production - "The Princess and the Pea". Huntar C (current student), Georgie M, Abi W and Holly W (ex Bilambil PS) did an excellent job performing.

If students are interested in becoming involved with the theatre, please see Mrs McGlenn for details!

LAND USE WITHIN RURAL ZONES: STUDY

The University of Newcastle, in conjunction with the NSW DPI, is conducting a study on rural land use within rural zones in Tweed and Cabonne.

If you own and/or manage a land holding in a rural zone, are over 18, and live in Cabonne or Tweed Shire, you are invited to participate in an online survey and/or an interview.

If you would like to register your interest in participating, please go to

3/4H have embarked on another fascinating term of learning. We are studying the long history of Australia and have begun learning about Aboriginal culture. We are excited to learn about the traditional custodians of our land. We are also learning about British Colonisation and the impact the First Fleet had on Australia in 1788.

In just a few short days, we have already learnt so much about our country and we are using our inquisitive minds to direct our learning as a team.

Here are some of our responses when given the task to write about what we have already learnt, what we have enjoyed learning so far and what we are looking forward to learning about.

I loved writing a story using symbols. I love learning about Aboriginal history. I want to know what happened when the Aboriginals met the British. I think this will be a good unit.

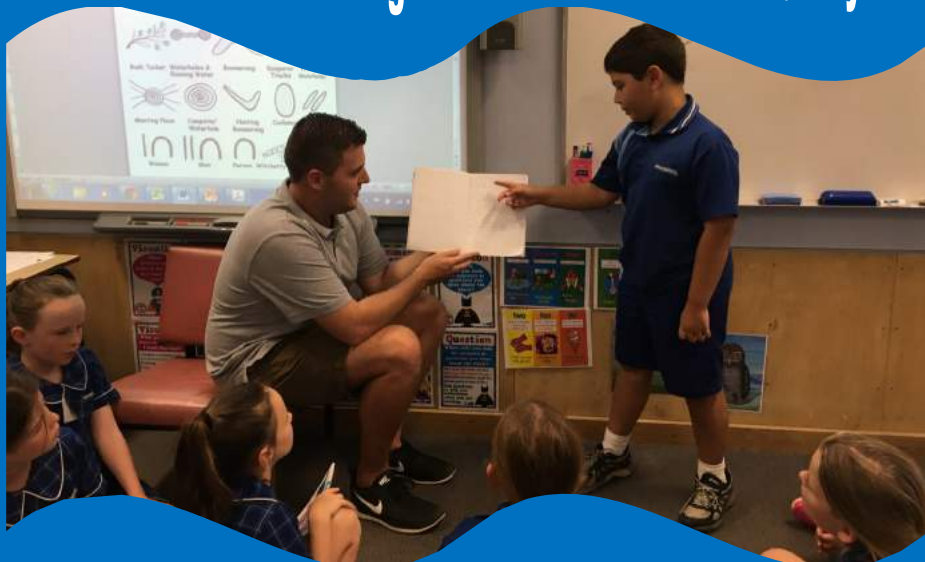

Luka C

I have learnt that Aboriginals used symbols; not letters. It has been interesting to learn about some of the many tribes. I am looking forward to learning more about James Cook.

Harper H

Welcome to the Amazing World of 3/4H with Mrs Harvey

Welcome Mr Ryan!

This term 3/4H are very lucky to have a student teacher from Southern Cross University working in our room. We have enjoyed Mr Ryan teaching us and we are looking forward to all the exciting things we will do while he is here.

I have been interested to learn how Aboriginal people lived and how long they have lived in Australia. I want to learn more about Aboriginal languages. I also want to learn about when Captain Cook came to Australia.

Priya H

I am learning about how Aboriginals looked after the land. I want to know how they caught the food, how they found the food and what they did to stay alive.

Zoe B

I have learnt that the British colonised Australia in 1788. I would also like to know how they travelled to Australia.

Kegan D

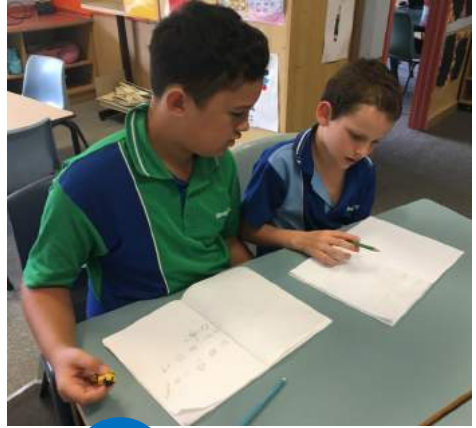

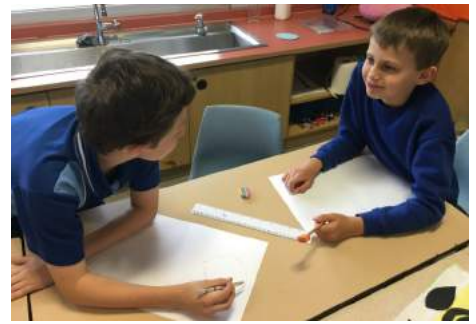

I have learnt that Aboriginal people told stories using pictures. I would like to learn about what Australia looked like before British Colonisation and how Aboriginal people lived.

Katie H

3/4H are a fantastic team. We work together and are all great friends. We aim to make each day count and most of all we have fun learning all we can.

Thank you for letting us share a little bit of us with you.

Some days are just plain crazy but it's lots of fun that way!

Beautiful Healthy Teeth

Beautiful healthy teeth are a great asset. Teeth are necessary for speech, to eat nutritious food and for smiling.

Plaque needs to be removed properly, twice each day to keep the teeth strong and healthy. Plaque is a white, furry layer that forms naturally on teeth every day, due to the food being broken down by the bacteria in the mouth.

Brushing once a day may not be adequate to prevent tooth decay. Many parents don't realise how difficult it is for children to clean their teeth effectively. Children up to ten years may not clean teeth adequately, leaving plaque which will continue the decay process. Adults are advised to brush children's teeth first then let their child take over the tooth brushing, so they can learn to perform the necessary movements correctly.

Tooth brushing of older children should also be supervised closely. Thorough tooth brushing takes 2-3 minutes.

- Use a pea sized amount of fluoride toothpaste on a soft toothbrush.
- After brushing, spit out the excess toothpaste and don't rinse. This leaves a small amount of toothpaste in the mouth to continue to offer protection.
- Make tooth brushing a fun family activity. Try some of the many toothbrush timing apps available to assist children to be motivated.

The CommBank School Banking program is available at your school.

Ensure your child starts two great journeys at once.

For more than 85 years, the School Banking program has been teaching Australian children about the value of money and smart saving as well as the rewards they can bring. It's also a great fundraising activity, as CommBank offers your school commission for your child's first School Banking deposit as well as deposits made as a part of the program.

To be involved, all your child needs is a Youthsaver account. They can then make regular deposits at school on banking day and will even be rewarded along the way with our exciting Rewards Program.

Get ready to meet the Dollarmites and be on the lookout for more School Banking information when your child starts school.

To find out more about our program, visit commbank.com.au/schoolbanking

School Banking

CAN YOU HELP?

We need more school banking volunteers Tuesday 9.00 - 11.00am to help count the money, stamp the books and input information into the bank's database.

One of our regulars now has work commitments on Tuesday so we need help! Even a couple of times a term would be appreciated and you can bring your little ones with you.

Contact Belinda Parkes on 0404 013 085 or belinda.parkes@hotmail.com if you can assist.

Keep banking on Tuesdays!

Term 4 prizes now available after your 10th deposit. A choice of a Bush Fly Fan or Wiggly Glow Worm.

Last day for school banking this term will be Tuesday 13th December, 2016.

The Commonwealth Bank of Australia "School Banking Prize Lights" promotion will be drawn this week. If you are lucky to win a prize the CBA will contact you directly.

Ways to open a Youthsaver account for your child.

1. If you are a CommBank customer apply online through NetBank.

Please have your child's birth certificate handy to complete your online application.

2. Visit any CommBank branch.

Please bring along your child's birth certificate and identification for yourself.

Receive a Dollarmites wallet when you open a Youthsaver account.

WOW only 24 Days to go!
