Online Ordering Open to All Families

Dear Families

We are happy to announce that you are now able to order canteen lunches for your children online via My School Connect. Once you have created an account, you can order from a near complete menu up until 10am on the day you require the lunch order. Your child/ren will then receive their lunch in their lunch order basket as per usual. Normal lunch order days still apply (Monday, Wednesday, Thursday and Friday), and you can still order with cash through the lunch order basket if you prefer.

Some important notes:

- We are running online ordering as a trial process. There may be changes made in future.
- Sushi and Tacos will not be available to order online.
- A small processing fee and credit card fee is collected by My School Connect for each online order. To escape the credit card fee, you can choose to use a bank transfer and store credit in your account.
- We also suggest that you try to order the night before.

How to Access My School Connect

1. Either download the app from the Apple App Store or the Google Play Store, or log onto <https://myschoolconnect.com.au/> in your web browser.
2. Click 'Register' and select "I am a parent."
3. Search for "Bilambil Public School" and follow the rest of the prompts to set up your account.

If you have any issues with ordering, please feel free to contact me at the school on 07 5590 7210.
